ABOUT SREJANEE UPADESHTA LTD.

“SREJANEE” is a Bengali word and it means, “Involving the use of the imagination or original ideas to create something spectacular.” Following the above vision, we, Srejanee Upadeshta Limited (SUL), started our journey in 1992 as a limited company to provide clients with multidisciplinary architectural & engineering consultancy services and till date we have completed over several hundred projects in all 64 districts of Bangladesh in a variety of sectors ranging across all types of development work, applying all forms of techniques from advanced technology to traditional engineering to create architectural marvels.

MESSAGE FROM OUR
MANAGING DIRECTOR

As one of the oldest and most renowned architecture and engineering consulting firms in Bangladesh, together with developing innovative, economical & sustainable design solutions, our earned reputation is based entirely on customer satisfaction. This approach results in continuing long-term relationships with clients, which form the foundation of the practice. Therefore, we work together as an integrated design team to deliver the best outcomes to our clients.

With over 32 years of experience, we will continue to create success stories with our customers as a trusted partner and contribute real change not only in Bangladesh, but globally as well. We invite you to join us on this path to prosperity.

*Ar. Nikhil Chandra Guha
Architect, BUET 1987
Fellow, Institution of Architecture Bangladesh (IAB)
General Secretary, Bangladesh Association of Consulting Engineers & Architects (BACEA)*

SERVICES WE OFFER

We offer a wide range of integrated consulting services in the fields of architectural and general engineering consulting services that is accompanied by an experienced bench of skills gained from working with different clients across the country.

for 1000 female student at University Campus,
Dhaka University, Dhaka

Shahid Sheikh Russel Tower

Dhaka University

Introducing the 20-storied "Shahid Sheikh Russell Tower" project at Dhaka University, a distinctive endeavor in Dhaka University serving as a vertical tribute to vision and legacy.

Bangabandhu Tower

Dhaka University

The iconic "Bangabandhu Tower" project at Dhaka University stands as a symbol of architectural prowess and historical significance. This structural masterpiece includes the construction of a landmark residential tower dedicated to Bangabandhu Sheikh Mujibur Rahman, commemorating his legacy.

Santosh Bhattacharya Bhaban, our visionary project involved the creation of a 10-storyed, state-of-the-art student hall to accommodate 1000 male students. This endeavor combined modern design principles with functionality, providing a dynamic and conducive living space within the educational landscape. The Santosh Bhattacharya Bhaban is poised to redefine student housing, emphasizing both comfort and contemporary architectural aesthetics.

KABI SUFIA KAMAL HALL

Dhaka University

Kabi Sufia Kamal Hall project for Dhaka University's 1000 female students, includes two 10-storied Student Hall buildings, an 11-storied Residential House Tutor Quarter, a 5-storied Dining block, and a 4-storied office Block with Visitors room, Substation & Generator Building. Meticulously designed with interior and exterior decoration works, this endeavor is poised to provide a modern, comfortable, and aesthetically pleasing accommodation for the university's female students.

Dhaka University
Rabindra Bhaban

10- storied with 15-storied foundation for accommodation of 1000 students and 11-storied House tutor quarter at Jagannath Hal. Total area is 2,94,000 sft with interior and exterior decoration works.
